

STUDENT HEALTH SURVEY

Year 1 High school

Västra Götaland joint regional student health survey

The questions in this survey are about your health, school situation, lifestyle and how you feel. There are no right or wrong answers. Please choose the answer that best applies to you. You and the school nurse will then meet for a health interview and go through your answers. The information is then entered into your medical record where it is kept confidential. This means that in most cases, the data cannot be disclosed to anyone else without your consent. The exception may be if you are at risk of harm and need help or protection.

This is how you do it:

- Answer the questions in order. Ask the school nurse or teacher if you need help. Please tick the box for your answer, you can also write down your own comments for some answers.
- Some questions are about how you feel today. Other questions ask about the last 7 days or the past school week, and some questions may ask about the last month or the last 3 months.
- Please take your time and read the questions carefully.
- If you have any comments on the questions, please talk to your school nurse.

Name _____

Personal identity number _____

School year ____

Class _____

STUDENT HEALTH SURVEY Year 1 High school
